

S MORRIS LTD Open for Business in Amesbury

S Morris' recently opened their new state of the art ready mix concrete plant on Solstice Park. The plant recycles all of its water and boasts a fleet of brand new trucks.

The company was founded just after the First World War by 'Siddie Morris', the grandfather of the current managing director. It started as a stone haulage contractor with a single horse and cart and has developed into a manufacturing company with three plants at Yeovil, Taunton and now at Amesbury

The company operate a quality system in accordance to ISO 9001 which is regularly assessed by a third party Their full time in-house Technical department test both raw materials and finished products on a daily basis to ensure you get a quality product which meets with current national standards They provide Ready Mixed Concrete to British Standard BS EN 206-1 & BS 8500-2 as well as running an environmental management system to ISO 14001

The Amesbury plant offers a quick collection service (min. collection .25 m3) without the need to book, it is ideal for larger DIY projects perfect for shed bases, garage floors and parking areas. All types of concrete are available from Gen 1 to RC40/50 through to FND4 and can be delivered to site or collected (with a suitable vehicle).

The modern facility is open for collection from 7am to 5pm Monday to Friday and weekends by arrangement. Friendly staff on hand to offer technical advice, the plant also sells sand and stone. If you are in the building trade or just a keen diyer please feel free to drop in and see us and we can discuss your individual requirements.
